

THREE NEW CANDIDATES ENTERING THE FIELD

Three new candidates have entered the field. Mrs. A. H. Little of 724 South Fourth East; Miss Dorothy Sorenson of 415 South Main street and Miss Alameda Gudmundson of Logan, Utah. This makes over fifty candidates, who are now working hard and turning every trick they can to get votes. Miss Pattie Swift of Boise, Idaho, moves up to first place today, with a grand total of 35,250 votes. Miss Swift is the daughter of Mrs. M. A. Swift, a piano dealer of Boise, and is a very popular young lady. She has hundreds of friends all over the country adjacent to Boise.

Miss Nellie Skillern, Milford's popular candidate, is second. Miss Skillern is one of the best-known young ladies in southwestern Utah. She is well liked by everybody, and when she goes after subscriptions she generally gets them.

WHO THEY ARE AND HOW THEY STAND.

Miss Pattie Swift, Boise, Ida.	35,250
Miss Mae Busche, Pocatello, Ida.	33,580
Miss Ruth Bradson, Ogden.	31,460
Miss Klea Sheets, 115 South Eleventh East.	31,460
Miss Nellie Skillern, Milford, Utah.	31,220
Mrs. Grace Murphy, 406 East Third South.	30,260
Miss Gertrude Shearer, 145 Thompson's court.	30,170
Miss Mona L. Davis, St. Anthony, Ida.	29,210
Miss Marjorie Stallings, 358 East Fifth South.	28,900
Miss Constance McIntosh, Montpelier, Ida.	28,740
Mrs. H. B. Carter, Idaho Falls, Ida.	28,500
Miss Veda Reid, 309 Herald building.	28,100
Miss Bertha Michaels, rear 530 East Third South.	27,420
Miss Frances Johnston, 1172 Emerson avenue.	26,300
Miss Florence Hadley, 647 East Fifth South.	25,620
Miss Louise Broberg, 167 North West Temple.	25,430
Miss Emily Petersen, Twin Falls, Ida.	24,350
Miss Stella Murray, Evanston, Wyo.	24,310
Miss Alameda Gudmundson.	24,220
Miss Dorothy Perkins, 368 East Sixth South.	23,560
Miss Edna Foreman, Paris millinery store, city.	23,540
Miss Juanita Foote, Price, Utah.	23,230
Miss Margaret McNichols, 328 West First South.	21,220
Miss Frances Shields, Park City, Utah.	18,390
Miss Juanita Morrison, 760 Lake street.	18,260
Miss Daisy Pattinson, No. 1 Hawks court.	18,100
Mrs. Lee Chamberlain, 454 East Brigham.	17,190
Miss Millicent Lee, 417 South Sixth East.	16,580
Mrs. D. E. Gleason, Ogden, Utah.	15,510
Mrs. M. B. Hardie, 120 West Fourth South.	15,110
Mrs. A. W. Swenson, 409 Eighth avenue.	14,520
Miss Buelah Bacon, Eureka, Utah.	14,340
Mrs. Lizzie Kirkham, Auerbach store.	14,150
Miss Lillie Landie, Provo.	12,560
Mr. Thomas Himmstreet, Caliente, Nev.	12,420
Miss Maud Allen, Corinne, Utah.	12,300
Miss Mary Shelly, 125 South Eleventh East.	11,340
Miss Annette Henriksen, 225 Brigham street.	11,170
Miss Emma Phillips, 984 South Fifth East.	10,460
Miss Mary Hatala, Rock Springs, Wyo.	8,110
Mrs. Dora Brown, rear 258 East Third South.	5,420
Mrs. H. N. Gilbert, No. 2 Kendall square.	5,160
Miss Dora Murdoch, Theodore.	3,540
Mrs. David Anthony, 917 Euclid avenue.	2,970
Mrs. Frances Williams, Keith-O'Brien's store.	1,870
Mrs. A. H. Little, rear 724 S. Fourth East.	1,490
Miss Mary Arms, Salt Lake Photo Supply.	1,240
Miss Elsie Fenderson, 662 South Main street.	580
Miss Jessie Conway, Stockton.	540
Miss Ivy Wallace, Pocatello, Ida.	240
Miss Dorothy Sorenson, 415 South Main street.	100

mining school in the country. It offers courses which prepare men for practically every branch of the mining industry of the west, and its graduates are perhaps doing as much as the graduates of any other department to increase the reputation of the university.

SALT LAKE MAKING WONDERFUL RECORD
Continued From Page One.

Work on the Auerbach theater on Third South, between Main and State streets, is being rushed. Many steel columns have been put into place, and it is evidently the intention of the builders to have this building ready for occupancy before the fall theater season has progressed very far. Many rows of small stores along Second and Third South indicate that the demand for business is as much as the excellent, and the change in many portions of the business district is very marked.

There has apparently been a falling off in the demand for apartment houses, although an occasional permit is taken out and many handsome new structures are still being erected.

Week's Building Permits.
Following is the list of building permits for buildings valued at or above \$2000. The total value amounts to nearly \$68,000.
Howard Garrett, 275 South Catherine, one and one-half story frame.
A. Hatch, 329 North First West, two-story brick.
Utah Lumber company, brick barn, rear 451 West First South.
H. Morgan, one-story brick store, 331 South Main.
Eliza Barker, 1042 East Third South, five-room brick dwelling.
James E. Paine, 6 North University, ten-room frame dwelling.
W. L. Wimmer, 247 Seventh avenue, one-story frame dwelling.
J. H. Jones, 372 Center street, five-room brick dwelling.
Martha A. Davis, 250-252 North Second West, two-story double brick dwelling.
J. W. Russell, 817 East Fifth South, five-room brick dwelling.
James Langston, 648 East First South, two-story brick dwelling.
Emily P. Weiler, 721 Major street, six-room brick.
A. W. Eardley, rear 621 South Main, double terrace, one-story brick.
Edie R. Madison, 403 B street, five-room brick.
W. L. Carlson, 1001 South Lincoln street, five-room brick.

BUSINESS IS GOOD AND ON INCREASE

General Conditions in Salt Lake City Are of Gratifying Character.

DRY GOODS BUYERS COMING FROM EAST

Money Fairly Plentiful, Although There Is Big Demand by Builders.

Although there has been apparently little gain in the general volume of trade throughout the city, the coming of cooler weather, the expected return of many people from the canyons, and the general gathering of tradesmen who are preparing for the fall business, have all acted as a stimulus to business conditions, and there is a distinct confidence at the end of the week in advance of the feeling during the entire summer.

The general condition, too, is considered well voiced by the remark of a prominent real estate dealer here, that although business was not as good as it might be, it was, on the whole, better than the outlook at the beginning of the year warranted, and although apparently there had not been a tremendous amount of trading done in real estate, at least the activity had been so far ahead of what might have been expected from the depression of last fall that the situation permitted dealers to indulge in considerable confidence as to the outcome of the coming year, and that consequently the general market was considerably stronger than it had been for many months.

Building Helps Some.
As usual, the tremendous amount of building being done is pointed to as the cause of much of the activity in many lines of trade. It is the general feeling that trade conditions have been excellent throughout the summer, and that the demand for all these things required in the erection and furnishing of new homes had acted as an effective stimulus for business in many lines not directly connected with building. Lumber and other building materials have consequently been in great demand, and with many of the stores the sale of house furnishings has been phenomenal. This condition has continued to hold good during the past week also, and there has been nothing to cause expectation in this line of trade among dealers.

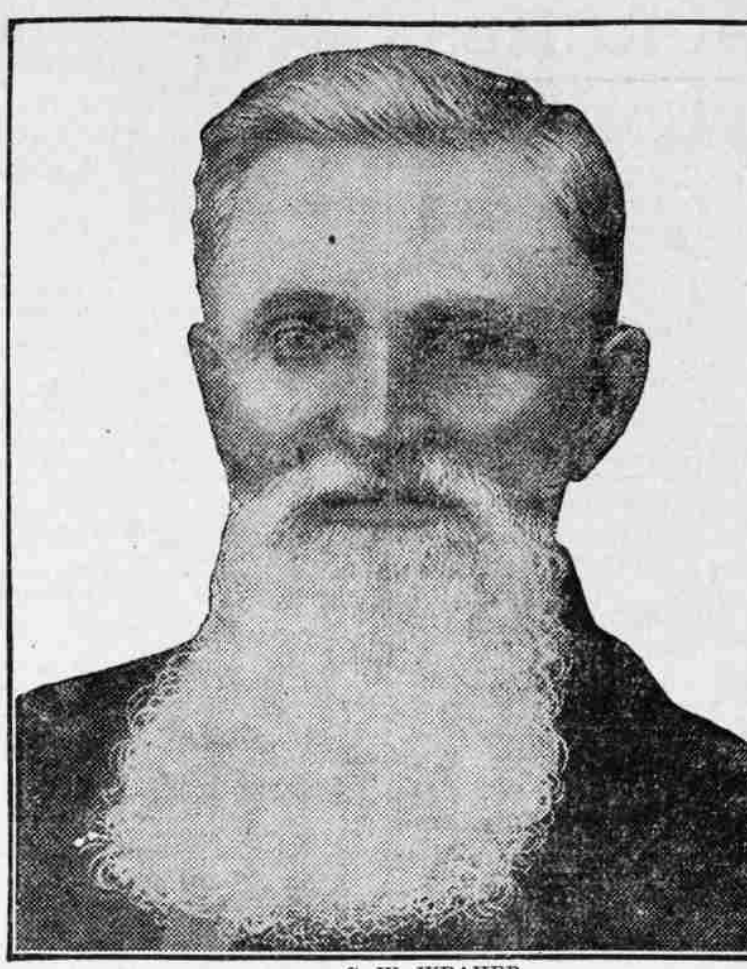

A new factor has come into the business world, however, with the return of many of the buyers of the dry goods stores from the East. Most of them are full of enthusiasm over trade conditions and report many details of trade which indicate that the coming season will be an excellent one. Details of the fashions for the fall and winter are discussed by these tradesmen at great length, and if the signs fall not, the toilet of midday will be far more wonderful in its make and she will shine resplendent in the raiment of a princess. It is a trifle early to say much about masculine attire, but dealers here in the line of haberdashery and suitings are full of confidence and enthusiasm shown by them will be spread to other dealers. It is thought, so that this line of business may be considered a fairly good index of what may be expected here in a few weeks as soon as the season fairly opens.

Hardware Men Waiting.
Hardware dealers are awaiting the harvesting of the beet crop, and the trade in the meantime indicates that the event is not far off. The farmers are apparently fitting up their wagons and harness, and the sale of bolts, strap-hinges, whips, straps, and iron face axles, that pertain to farm life, and especially that line devoted to the beet industry has been sold in large quantities. This line of trade also offers a great advance over the trade of previous weeks, when there appeared to be a general disposition to postpone buying things of this sort until it became absolutely necessary, so that the rush for farm goods at this time is the more marked.

Another feature of the trade also has been the talk of the farmers and small in the outlying settlements. They speak glowingly of the crop, it is said, and tell of expected high prices. There appears to be an era of confidence and enthusiasm among the people who gain their livelihood from the soil, and this is regarded as an excellent indication of a high grade of prosperity this fall. Among the retail hardware dealers the call for builders' hardware continues good, it is said, but as this is in keeping with the large amount of building, it occasions little comment.

In Financial World.
In the financial world there appears to be considerable difference of opinion regarding general conditions, especially among the money lenders, and it has been said that this indicates an attempt on the part of dealers to require high rates on account of alleged scarcity of money to loan. Many real estate men

Doctor Said Consumption

C. W. WEAVER.

Mr. C. W. Weaver, of Bristol, Vt., who was told by his doctor that he had only a short time to live, as he had consumption, takes Duffy's Pure Malt Whiskey, which was recommended by the doctor, gains vigor and strength every day, and is in better health than he had been in years before taking it.

In a recent letter Mr. Weaver writes:

"Two years ago my doctor told me I had consumption, that I could live but a short time, recommending to me at the same time Duffy's Pure Malt Whiskey. I have taken it ever since according to directions. I feel better and stronger than I have for seven years past. Yes, I heartily endorse Duffy's Pure Malt Whiskey as a cure for consumption."

Thousands of letters like this are received daily from grateful men and women who cannot say too much in praise of Duffy's Pure Malt Whiskey for the benefits derived from its use.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science, softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach. It cures nervousness, typhoid, malaria, every form of stomach trouble, diseases of the throat and lungs, and all run down and weakened conditions of the body, brain and nerves. It is prescribed by doctors and is recognized as a family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure and get the genuine. It's the only absolutely pure medicinal malt whiskey and it sold in large sealed bottles only; never in bulk. Price \$1.00. Look at the trademark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Consulting Physician, Duffy Malt Whiskey Co., N. Y., for free illustrated medical booklet and free advice.

claim that they are unable to secure a loan of any amount of cash on good mortgage security sufficient to carry out the investments which they wish, whereas others say that there are ample amounts obtainable at rates of interest varying from 6 to 7 per cent.

There has been complaint from time to time among brokers that money was tight and that they were waiting for the harvesting of the beet crop and the placing in circulation of large amounts of eastern capital to relieve the situation, and yet others deny that there is any shortage and expect a lowering of rates and a flooding of the money market, coincident with the distribution of the large sums for the payment of the beet crop.

Real Estate Conditions.
Real estate conditions continue about the same as for the past few months. Most dealers report a good deal of activity in small deals, and the number of inquiries made by investors is large. The market for new buildings all continues, however; namely, the disposition of sellers to advance prices on obtaining an offer close to the amount asked. It is said if an offer is made, the price is generally advanced. Almost no reports of large deals are received. Commission men, many of them are considering new warehouses, and in several cases, new buildings are being erected. Throughout the business district there is said to be a good deal of cash for business locations, and the new stores opened are taken up at once. The construction of new fire buildings all over the city and the new large stores are progressing rapidly, and there appears to be little prospect that they will not be filled as soon as they are ready for occupancy.

The stock market has been especially active, and there has been little change in the prices quoted last week. Sugar stocks receive the most attention, and the number of sales in these exceeds any other. Following are the latest quotations.

MICHAEL L. POWERS IS KNOCKED DOWN BY AUTO

Michael L. Powers, aged 70, a mining man, living at 50 West Third South, was knocked down and quite seriously hurt by being run into by an automobile owned by C. W. Mount of the Mount Pickle company and driven by Carl Larson, at the corner of Main and East Second South streets, Saturday afternoon about 3 o'clock. Mr. Powers had just started west on Main street when Larson, driving at a high rate of speed, turned north into Main street from East Second South, and narrowly missing a man and lady who were also crossing in the opposite direction, struck Mr. Powers in the back and threw him fully twenty feet. He was assisted into a drug store, where it was ascertained that he was badly shaken and that his left leg was injured and his face bruised. After resting a short while he was able to go home. The chauffeur was arrested by Officers Eddy and Woods on the charge of speeding, and was subsequently released on surety furnished by Mr. Mount.

BRYAN PREPARES FOR LONG SPEAKING TOUR

Democratic Candidate Will Put in Three Weeks of Constant Campaigning.

FAIRVIEW, Lincoln, Neb., Sept. 5.—With practically everything requiring his immediate attention disposed of, William J. Bryan, after a comparatively busy morning, spent the remainder of the day resting up preparatory to his campaign tour of the middle West and the Eastern States, which begins tomorrow afternoon.

Encouraged by the conditions in the West as he found them on his two recent trips, Mr. Bryan will invade the East for about three weeks, during which time he is scheduled for many speeches and will hold conferences with the Democratic leaders of that section of the country. Arriving in Chicago Monday, he will at once be in touch with the national committee, suspending his conference only long enough to deliver a Labor day address. The political ground also will be gone over with his advisers on Tuesday. Wednesday he will speak in Peoria, and from there he will travel eastward. From reports received, a monster Democratic rally will occur in New York City when he goes there on the 17th inst. While Fairview was besieged today by visitors, the Democratic candidate for President saw but few of them, in order that he might conserve his strength for the arduous labors ahead of him. The political itinerary provides for his absence from home until September 30, after which date he will remain at Fairview for at least three weeks. The remaining week before election will be left open for such speaking engagements as may be deemed necessary.

SEVEN LOSE LIVES IN MONTANA WRECK

Carelessness of Operator at Small Station Said to Be Cause of Disaster.

MISSOULA, Mont., Sept. 5.—Carelessness on the part of Operator Mitchell at Perma, Mont., a small station sixty miles west of this city, is alleged to have been the cause of one of the most disastrous wrecks on the Rocky Mountain division of the Northern Pacific in recent years, and in which at least seven men met their death.

The Dead.
GEORGE W. VALENTINE, engineer.
T. A. MONSON, engineer.
E. F. HERRING, fireman.
E. O. ROBINSON, fireman.
Three unidentified tramps.
It is said that Operator Mitchell accepted an order for westbound passenger No. 5 to remain at Perma for No. 58, an eastbound fast freight, after No. 5 had passed his station, and as a result the trains came together head-on about ten miles west of Perma. The wreckage immediately caught fire and considerable of the equipment was burned.

None of the passengers were injured. The bodies of those killed in the accident were brought to Missoula. Engineer Valentine was one of the oldest engineers in the service of the Northern Pacific.

District Court Notes.
Judge Morse of the Third District court Saturday entered a decree in favor of Mary J. Shell and others by which the title is granted to a part of lot 2, block 95, plat A, Salt Lake City survey.

Annie Maria Jensen Grumeo's case against Ruth Welner and others, to recover property which, it was claimed, was decided to the defendant's daughter and son-in-law under fraudulent misrepresentations, was dismissed at the plaintiff's motion to that effect, settlement having been effected out of court.

DROPS BICYCLE; TAKES TO WOODS

Henry Shutter, a motorman on the Murray line, brought a bicycle into the police station Saturday afternoon, which he found lying in a gutter at the corner of Fourteenth South and Main streets Saturday morning. Mr. Shutter said that he was running his car along State street when he saw a young fellow riding alongside on a bicycle. When he arrived at the above corner he had dropped the bicycle and boarded his car.

At Murray he jumped from the car and struck off into the woods. On the return trip from Murray the bicycle was still in the gutter, so Mr. Shutter brought it to the car barn and at lunch hour turned it over to the police.

The police identified the wheel as belonging to F. E. Morrill and it was taken from in front of a business block on Main street.
